Visitors:

- Howard Hall, 7715 Branch Road – comment on trash hauling along with a letter from some neighbors in opposition to the proposed trash hauling service. They don't want to be forced into using one when I don't currently use it. Bill Pavlick told him that no one would be forced to using a hauler, they will have an opt-out. We'll be planning a meeting with the County present for residents to gain information.
- Ken Barco, Stone Road – at one of the prior meetings, 100 was a number used for the opt-out. He was told there has been no number decided on yet. We need to get more information. Ken would be opposed if not everyone that wants to opt out is allowed to opt out. I have a concern about a private service becoming a public service. He is concerned with giving governmental authority to a private entity. If it is going to be a government service, it should all be handled by the government, including the billing and collection of fees. Bill told him it has gone through the Prosecutor's Office and Ken stated he is just expressing his opinion.
- Ted Gierosky, 3084 Seven Bridges Road – he feels we would be granting a monopoly for the trash hauling. His career was bridge design. He looked up how much damage a large truck cover vs. car does – a large truck does 410 times the damage of a car. He doesn't think it would hurt those who are opposed if they get to opt-out.
- Terry Gerspacher, Stone Road – reiterated that it's been announced that we'd be having a spring meeting to gather information.
- Norm Hinman, Beck Road – newspaper has printed incorrect information again because it stated you already had put out the trash services for bid. There are around 30 large trucks and trailers up and down my road every day. A lot of it now is because of the Stone Road bridge being closed. Sunde comes in with large loads of decorative concrete and I believe they are doing more damage than the trash trucks.
 - It doesn't look like they're doing anything on the bridge.
 - Have you thought about removing the barricade by the Town Hall? I'd like you to give it consideration. We old folks are having trouble getting in the Town Hall. The steps were put in wrong to begin with.
 - You still haven't done anything about my ditches.
- Paul Peyton – I take my rubbish to the recycle bins and then don't have much left. I'd want to be able to opt out.
- Jerome Cimbulich, 7280 Wolff Road – definitely against the trustees being involved with picking a hauler for trash, Fed-Ex delivery, and others. I believe you could go past your realm of authority. I'd opt-out because I don't know what kind of guarantees you'd have for price increases. I take our recyclables to the Library.

- Kathy Zdanko, 2754 Steigler Road – part of my concern is like Norm's – the other traffic that is probably doing more damage than the trash haulers. The more rural areas are not the same as the subdivisions. Let the HOA's choose single haulers for the subdivisions.
- Richard Hill, 6762 Spieth Road – everyone is echoing things I made comments on in the past, township government signing a contract with a private company. What will people do if they don't want to take their recyclables to the Library? What about the other traffic that is grossly overloaded. Agree with Jerome in that we don't know where this could go in the future.
- Dave Hull – question for the fire department and Forest Creek, have you ever been through during the day when the workers are there? They park on both sides of the road and several times on the hydrant side. Jason Creamer stated they will check it out. Todd stated that parking is governed by the ORC and he'll get with the sheriff to check on it.
- Ted Gierosky – He doesn't believe HOA's have the authority to keep out trash haulers. As far as giving too much authority, as soon as the trustees do, we'll take care of that at the next election. Todd reaffirmed that we are looking at this to see if we can save the resident's money.

REPORTS:

Zoning:

- I gave you notes from residents –
 - Kim Cimbulich said ODOT has not done anything about the drainage yet. Rick will call ODOT.
 - A resident is backing out on Royal Brook Road and it looks like a survey pin is broken off and it needs to be checked to see what can be done before it does damage to someone's tire..
 - A mailbox was down, Bill will take care of it.
- I went to the Prosecutor's Office regarding a house in Olivia Lane. The septic system won't be a mound, but the nozzle which when it sprays, will be sprayed into the open space. According to our Code and Conservation District, it is ok for the spray system to spray on the open space.
- Mr. Dziak can apply if he has valid changes to his request. The Board can hear it and determine if the reason is substantial enough for a change, or they can stay with the original decision.
- Site Review for March 1st – the gentleman wants to put in another automotive repair. I've called the County and there are no requirements for water or sewer since the building exists and has been used as it is continually in the past. Any alterations to the building, would require the water and sewer.

Fire:

- Chief Barrett was absent due to work.
- Asst. Chief Jason Creamer filled in and gave the trustees a copy of the past month's report. He also gave the trustees a copy of Ken's report. (Item C.)
- The Emergency Management Team changed their fee structure to a per capita.
- The FDIC conference will be in Indianapolis, IN April 26 – April 28th.

RESOLUTION #18-02-11 – Approve Out-Of-State Travel to Indianapolis, IN

Moved by Zieja, second by Pavlick to approve Out-Of-State travel to Indianapolis, IN April 26-28, 2018 for 6 people for registration and hotel fees. The 3 department members that paid for their registrations last year for this year will also be reimbursed upon presenting receipts. Roll: Zieja, yes; Pavlick, yes; Monroe, yes.

Trustees:

Bill Pavlick:

- Buckeye is having a meeting about school safety because of the shootings. One meeting is February 28th at 6:30 p.m. at the Elementary Cafeteria. The other meeting is at the Buckeye Public Library on February 27th at 9:00 a.m.
- I've received several calls with residents' mailboxes being hit – have been taken care of.
- Stop sign on Indoe was hit and ODOT repaired.
- I'd like to thank the fire department because a couple of weeks ago, there was a salt spill that had hypodermic needles that there was a concern about. I called the fire department and they met Tim Joyce up here to put them in the sharps container.
- I've taken care of all the things that we need to do for spring clean up on Saturday, May 12th from 9:00 – 3:00. I've contacted Solid Waste since they will give us a discount that day. Dave Hull stated that we could get discount vouchers for residents that wouldn't be able to make it that day.
 - Relay for Life will have a shredding truck here the same day as a fundraiser.
 - Last year we used Old Schoolhouse Catering for the food. Do we want to do that again? The trustees said yes.
- Norm Hinman stated the Historical Society has quite a drop again at the parking lot. The trustees will check into it and Bill will try to get some grindings. There's been a NOACA grant that will cover paving SR 18 from Stone Road to Lorain Line.

Rick Monroe:

- I'd like to thank the township for attending the Winter Convention. There was a lot of good information.
- Last week I attend a pavement preservation seminar. There were a lot of ideas.
- At the convention, one of the LTAP conferences – we found out we can use one of their dash cams to film our roads. I just need to send an e-mail to them.
- I also got a copy of our crash reports by severity and location.
- There are several issues with the roundabout drainage. I was told there is someone putting in pipe on his own because they are tired of the issues and ODOT hasn't done anything. I'll call ODOT.
- Berming – we need to do some berming because we're starting to lose some edges of pavement. I've spoken with Greg Dobson and got him down to \$1.65/square foot for the berm work.
- Treemasters – talked about them last month. Todd and Bill gave their lists to Rick.

RESOLUTION #18-02-12 – Hire Treemasters to Trim Trees for a Week at \$10,000

Moved by Monroe, second by Pavlick to hire Treemasters for one week at a cost of \$10,000.00. Roll: Monroe, yes; Pavlick, yes; Zieja, yes.

- I've have Fred Boreman look at the Lester Road bid proposal and he agreed with it.

RESOLUTION #18-02-13 – Authorize the County to Include Lester Road in the Road Paving Bid

Moved by Zieja, second by Pavlick to authorize the County adding Lester Road paving to bid with the other roads. Roll: Zieja, yes; Pavlick, yes; Monroe, yes.

- Talking with OUPS in Columbus, for \$75/year, they will give us information on anyone who is digging during the year, who the contractor is, etc.

RESOLUTION #18-02-14 – Hire OUPS at \$75/year

Moved by Monroe, second by Zieja to hire OUPS for \$75/year for this information. Rick will get the information. Roll: Monroe, yes; Zieja, yes; Pavlick, yes.

- I'd like to schedule a work session to go over finances. The meeting will be Tuesday, March 6th at 4:00 p.m.
- Sweet Lawns – we need to approve the 2018 agreement.

RESOLUTION #18-02-15 – Approve Sweet Lawn 2018 Work

Moved by Monroe, second by Pavlick to approve the Sweet Lawn 2018 Work as follows:
Spring & Fall application to Town Hall at \$111.00 each, Cemetery \$908.00 each and Park at \$320.00 each. Vegetation control at Cemetery for \$237.00

Roll: Monroe, yes; Pavlick, yes; Zieja, yes.

- Flow Aquatics has taken care of the pond for a few years now. The cost is the same at \$750.00.

RESOLUTION #18-02-17 – Hire Flow Aquatics for Pond Maintenance for \$750.00

Moved by Monroe, second by Zieja to hire Flow Aquatics at a cost of \$750.00 for the 2018 services. Roll: Monroe, yes; Zieja, yes; Pavlick, yes.

- Norm Hinman talked about cattails at SR 18 and Lester Road.

Todd Zieja:

- There was a damaged stop sign that ODOT will take care of.
- Armstrong is raising their fee \$5/month again. Todd will look at what we need to do for internet for the next 16 months.
- I've checked with the sheriff's office for a deputy to cover York Township. The cost is \$30.14/hour and they would suggest 50 hours per month with 2 deputies to start. \$1,507.00/month. For a temporary 6-month period, they would supply the cruisers and we would pay for the gas. I also got a 2-year period of number of calls for our township as well as Granger, Litchfield, Liverpool, Montville because they also supplement their township with an additional deputy they contract for. There were 2,411 calls for service in 2016. There were 2,707 service calls in 2017. Based on these calls, I think we should watch. I also asked for response times today. This is something we already pay for so I believe we should analyze this a little longer. This is part of the zone where the sheriff's stop to do paperwork so they are in here more often. I will be getting monthly reports.
- I opened a can of worms when I spoke about dual internet lines. We are behind the times. We are unable to do certain things we should be doing. I've received a revised quote from Ryan McDonnell. We've also sat with another company to get another quote.
- I did go to OTA and thought it was very beneficial. I also think someone from the fire department should go.

Comments:

- Ted Gierosky asked about the fiber network that the County put in a few years ago. It does go past here. Buckeye Schools doesn't use it because it causes a problem with their A-site that connects them to the state and the connection being reliable.
- Richard Hill commented about the spray nozzle septic systems at a meeting I was at not too long ago. There were comments about the nozzles plugging up. Rick stated that people who have them are complaining because they plug up and freeze up.
- Dave Hull commented the website is down. The trustees said yes, since we are in the process of changing providers and the person who needs to finish the transfer is having surgery.

ITEM A

DEPOSIT OF FUNDS POLICY

Policy # A-4

Purpose

It is the purpose of these Rules and Regulations to implement the provisions of the Ohio Revised Code ORC § 9.38 by establishing standards and procedures.

Money collected by Employees is to be handled with prudent business procedures.

ORC § 9.38 indicates monies should be deposited with the Treasurer/Fiscal Officer or designated depository within 24 hours of collections and requires monies be deposited on the next business day if the daily receipt amounts exceed \$1,000. If daily receipts do not exceed \$1,000 and the receipts can be safeguarded, i.e. locked up, the public office may adopt a policy permitting their officials who receive money to hold it past the next business day, but the deposit must be made no later than three business days after receiving it.

Therefore, this policy is being adopted to permit officials to abide by the three business day deposit of funds less than \$1,000.

February 22, 2018

To the Township Trustees,

Due to my work schedule I am unable to attend the Trustee Meeting on Thursday February 22, 2018. I submit this report and the monthly run totals sheet in my absence.

Training:

Metro Hospital Environmental Emergencies
Medina Hospital Con-ed EMS class with Valley City FD
CPAP Training
Knots
52-1 Equipment Familiarization
Hazmat Refresher/Emergency Response Guides

Activities:

Relay For Life Team won Chili Cookoff Trophies

Administrative:

New Squad 57-1 was delivered on 2/14. Assembly of equipment and supplies has started. Awaiting cot and stair chair.
Application submitted for the 2017 AFG Grant (apply in 2018) for hose and nozzles. Denied last year.
Two new applications received. Interviews to be set up.
I would like to request Trustee approval for up to 6 members to attend FDIC Conference in Indianapolis April 26-28th. Covering registration and room costs.

Again, I apologize for not being able to attend this month's meeting. I will be available by cell if you should have any questions.

Respectfully submitted,
