January 24, 2012

Chairman Colene Conley called the regular meeting to order at 6:30 p.m. She led the pledge of allegiance.

RESOLUTION #12-01-21 – Approve Minutes

Moved by Monroe, second by Pavlick to approve the December 29, 2011 regular meeting minutes and January 5, 2012 organizational minutes. Roll: Monroe, yes; Pavlick, yes, Conley, yes.

Visitors:

- Jim Miller asked Ken Barrett about the ISO rating. In areas with a hydrant, it is a 6 and an area without a hydrant is a 9.
- Tom Croston commented about the people in the subdivisions using their snow blowers and blowing the snow in the street instead of just along the tree lawn. He wondered what could be done. Ken Barrett commented that the sheriff's department could be notified. Colene stated that Rick could call the Homeowner's Association and ask them to put a notice in their newsletter about the snow blowing and the safety hazard that it creates for the children and the bus as well as the traveling public. Rick will ask them to do it for Keswick & Shale Creek.

REPORTS:

Zoning/Miscellaneous – Dorothy Crouch

- Norm Hinman stopped in to comment about the drapes not being opened during the Historical Society Christmas party for people to see the sign on the back of the stage of the Town Hall. He was upset that the war sign wasn't hung either. He also stated he has a small bush hog that he could do some work if it was needed and he works cheap. Bill Pavlick will look up the old school property owner and give Norm the number so they can converse.
- There was one permit for a new house this month.
- Dorothy is updating the home occupation permit listing. It is almost complete.
- The report was given as attached. (Item A.)

Fire Department

- Chief Ken Barrett gave the trustees the monthly report. There were 17 runs. The fire call was the mutual aid call to Columbia Township to help with their tanker shuttle for their commercial fire on S.R. 82.
- We are doing some more scenario based training for the EMS services. There was also Firehouse software training.
- I will be applying for a grant to get a thermal-imaging camera. The one we have is 10 years old.
- We were denied the AFG grant for the operations and the vehicle. Grants are becoming more and more competitive.
- Our Relay for Life Team placed 1st in the judge's choice at the Chili Cook-Off. This is the 5th year they've competed. They have either placed 1st or 2nd each year in either the judge's choice or people's choice.
- The ice rescue class scheduled for this Saturday is postponed until February 11th hoping for some ice.
- Jeremy Betsa has submitted his letter of resignation. He is trying to finish nursing school and just has become too busy to continue with the department at this time. Ken recommended we accept the resignation.

RESOLUTION #12-01-22 – Accept Resignation of Jeremy Betsa

Moved by Monroe, second by Pavlick to accept the resignation of Jeremy Betsa from the fire department effective January 20, 2012. Roll: Monroe, yes; Pavlick, yes; Conley, yes.

- I have also given you a copy of an agreement from the Medina Co. Sanitary Engineer's Office for the fire hydrant maintenance. Please review so you can approve it before hydrant season begins.
- We have received some quotes for installing the new washer and dryer that were obtained from a grant. Swingle was \$850 less than Schafer. They will be breaking up the floor, changing water lines, installing exhaust line thru the roof for the dryer, pour concrete, etc. Ken is recommending that we go with Swingle.

RESOLUTION #12-01-23 – Hire Swingle Plumbing to Install Washer/Dryer

Moved by Monroe, second by Pavlick to have Swingle Plumbing install the new washer and dryer and a cost of \$2,616. Roll: Monroe, yes; Pavlick, yes; Conley, yes.

Trustees

Colene Conley

- I received notification of a street light out on Branch Road. It has already been repaired.
- We are down one person on the Zoning Commission Board that Jim Miller has been filling in on. Linda Adamsky may be interested in the alternate's position. She is going to attend the next meeting to be sure. Jon Steingass may also be interested. He will get back to Rick. Jim will serve until we find someone. Colene feels that it would be nice to balance the board with another female.
- Seven Bridges & Bent Oak – county has marked it for new stop signs.
- I received an e-mail from someone who stated that his neighbor parks his and his son's cars in front of his property making it hard for the mail person to deliver their mail. I spoke to Thorne on this. There are a couple of scenarios – no parking for certain time frames and no parking if snow exceeds "x" number of inches. Bill Thorne wanted to word it so that it would cover a forecast. The issues are in Keswick and Shale Creek and normally at the intersections. There is a procedure to be followed. We'll have Bill Thorne write it up.

RESOLUTION #12-01-24 – No Parking

Moved by Pavlick, second by Monroe to post signs for the subdivisions not to park on the street when the snow exceeds 2". Roll: Pavlick, yes; Monroe, yes; Conley, yes.

- Federal Signal was out to check the sirens.
- The state was out to jet out the pipes in the last couple of weeks.
- I asked the County to notify Premier Homes regarding some issues that have not been addressed yet. There are some financial issues with Premier.
- Greg Dobson and I will be meeting with Mrs. Grim on Erhart Road regarding a ditch.
- We need to work on pavers with the Silk's. Rick said that the daughter wants our project so they can see if they can do it. We should talk about what we would like to do and then meet with them.

Bill Pavlick

- The park sign is up. I want to thank Ken Neumeyer for the good job.

- Reed Hollipeter from Medina Tractor had a maple tree put in the park in Frank Ehrman's memory. Reed's looking for a plaque with a tractor on it.
- I received a call regarding a stop sign on Branch Road being completely removed. Litchfield's crew was out and put it back in for us and I'd like to thank them also.
- The street sign at Emerald and Sapphire was ripped out during a wind storm. I went out and checked it out, cleaned up the set screws and put it back up.
- Another resident at Emerald Woods called regarding his ideas for snow plowing. Tom Croston and I met with the resident. There was a resolution to the concern.
- I turned in the petitions for natural gas down Steigler Road at Columbia Gas. I'm still going to work on getting a petition for Wolff Road where it ends. Natural gas is approximately half the cost of propane.
- There were several calls for street lights that were out. They have been taken care of.
- I gave you a copy of the design from Medina Sign for a decorative wrought iron post for the cemetery sign. I'll get quotes.

Rick Monroe

- The Spellman & Indoe grant request through Small Government's was denied also. We're now #1 on the unfunded list in Issue 1.
- The County is open for salt from 7 – 3 Monday thru Friday due to their cut backs. During the bad times, it may be open at other times. Colene thought we may need to look at erecting a salt shed and purchasing salt from a different source. The location would need to be decided as well.
- Deputy Swihart was here and said the state has some grants available for additional patrols. Rick asked that Wolff and Abbeyville as well as the Career Center area be patrolled additionally during the pre- and post- school times. Bill will follow up with it at the sheriff's department.
- We had a red pickup this summer in some shouting matches with a resident. The resident got the license plate number. I spoke with the sheriff's department to see if they could run the plate. They gave me a name. There was concern over safety of the children. The guy in the truck was surveying and almost finished.
- There have been 2 permits issued in Harrisville Township for the gas well fracking. There are a lot of concerns and many meetings have been held. There are pros and cons like with most things.
- ODOT has been out and did berming at 18/Beck; 18/Erhart; and 18/Stone.
- ODOT and Brunswick City are sharing services. The salt for this area for ODOT comes from Brunswick. It is treated with brine. Howard is the contact person in Medina for us. There have been several basements flood here in town. There is only 1 vacuum truck per 4 counties. With the shared services, ODOT got Brunswick City's vacuum truck and jetted for 2 days. The pipes are completely plugged with silt. They got some flow. The discharge is at the west end by the cemetery. One of the residents told me she didn't see any improvement yet with the basement flooding. We'll continue to monitor to see if we need to have a meeting with ODOT and our Mallet Creek residents.
- The motto for ODOT this year is "Don't Crowd the Plow".
- The light at 57/Erhart was in Grafton Township's court. There was a conference call with Ohio Edison and currently Valley City is paying the bill. The light in the parking lot of the drive at that home needs to be moved. When it gets updated, Ohio Edison wants to change the light. I've not heard back yet.
- Armstrong Cable is cutting back on services. They eliminated the TV guide channel from the basic service. They will be moving around some channels on January 31st.

- Jeff Van Loon, Soil & Water Conservation has entered into a 3 year agreement for grants with the Great Lakes Commission to provide incentives for the farmers to implement sediment reduction practices. Anyone with any questions, should contact Jeff at the Soil & Water Office.
- Brian Williams, Buckeye Superintendent, asked about collaborating services. He talked about purchasing salt, diesel fuel, etc. – things that we don't work with. I went to the school board meeting in which the Superintendent and Board thanked the fire department and Chief Barrett for the handling of the bus accident at Abbeyville and Spieth Roads.

Conley cont'd:

- We got info regarding being notified of oil & gas drilling. We can be notified by various methods.

RESOLUTION #12-01-25 – Request Notification of Potential Oil & Gas Drilling

Moved by Monroe, second by Conley to be notified by the U.S. mail, e-mail and fax of any drilling permit applications that are filed with the Division of Mineral Resource Management. Roll: Monroe, yes; Conley, yes; Pavlick, yes.

- There will be some changes with the R/R warning signals and signs.

Fiscal Officer:

RESOLUTION #12-01-26 – Approve Sweet Lawns

Moved by Monroe, second by Pavlick to approve Sweet Lawns for the 2012 lawn services at a cost of:

Town Hall Complex	\$101 each spring and fall
Cemetery	\$824 each spring and fall
Cemetery Fence	\$215
Park Area	\$265 each spring and fall

Roll: Monroe, yes; Pavlick, yes; Conley, yes.

RESOLUTION #12-01-27 – Approve December Financial Reports

Moved by Monroe, second by Pavlick to approve the financial reports for December 31, 2011 as provided: appropriation status, revenue status and fund summary and the December 2011 bank statement. Roll: Monroe, yes; Pavlick, yes, Conley, yes.

RESOLUTION #12-01-28 – Approve 2012 Cost Allocation with Medina Co. Emergency Management

Moved by Pavlick, second by Monroe to approve the 2012 Cost Allocation with Medina Co. Emergency Management at a fee of \$940.80 (2011: \$963.20). Roll: Pavlick, yes; Monroe, yes; Conley, yes.

RESOLUTION #12-01-29 – Approve 2012 TROT Allocation Fee

Moved by Monroe, second by Pavlick to approve the 2012 Technical Rescue Operations Team Allocation at a fee of \$839.34 (same as last two years). Roll: Monroe, yes; Pavlick, yes; Conley, yes.

RESOLUTION #12-01-30 – Approve Revised Open Records Policy

Moved by Monroe, second by Pavlick to approve the revised Open Records Policy (Item B). Roll: Monroe, yes; Pavlick, yes; Conley, yes.

- Bev gave the trustees copies of a forecast of the General Fund and Fire Fund for their review. While everyone has heard about the drop in funding here and there, it's always better to look at it. The General Fund will have a deficit by the end of 2013. There will need to be some tough decisions made as to where to make cuts to avoid the deficit.

ITEM B

OPEN RECORDS POLICY (C-3)

Introduction:

It is the policy of York Township that openness leads to a better informed citizenry, which leads to better government and better public policy. It is the policy of York Township to strictly adhere to the state's Public Records Act. All exemptions to openness are to be construed in their narrowest sense and any denial of public records in response to a valid request must be accompanied by an explanation, including legal authority, as outlined in the Ohio Revised Code. If the request is in writing, the explanation must also be in writing.

Mission Statement:

Consistent with the premise that government at all levels exists first and foremost to serve the interests of the people, it is York Township's mission and intent to at all times fully comply with and abide by both the spirit and the letter of Ohio's Open Records Act and Open Meetings Act.

Section 1 Public Records

This office, in accordance with the Ohio Revised Code, defines records as including the following: Any document – paper, electronic (including, but not limited to, e-mail), or other format – that is created or received by, or comes under the jurisdiction of a public office that documents the organization, functions, policies, decisions, procedures, operations, or other activities of the office. All records of York Township are public unless they are specifically exempt from disclosure under the Ohio Revised Code.

Section 1.1

It is the policy of York Township that, as required by Ohio law, records will be organized and maintained so that they are readily available for inspection and copying (See Section 4 for the e-mail record policy). Record retention schedules are to be updated regularly and posted prominently.

Section 2 Record Requests

Each request for public records should be evaluated for a response using the following guidelines:

Section 2.1

Although no specific language is required to make a request, the requester must at least identify the records requested with sufficient clarity to allow the public office to identify, retrieve, and review the records. If it is not clear what records are being sought, the records custodian must contact the requester for clarification, and should assist the requester in revising the request by informing the requestor of the manner in which the office keeps its records.

Section 2.2

YORK TOWNSHIP TRUSTEES

Colene Conley
Regular Meeting

Richard Monroe

William Pavlick
January 24, 2012

The requester does not have to put a records request in writing, and does not have to provide his or her identity or the intended use of the requested public record. It is this office's general policy that this information is not being requested.

Section 2.3

Public records are to be available for inspection during regular business hours, with the exception of published holidays. Public records must be made available for inspection promptly. Copies of public records must be made available within a reasonable period of time. "Prompt" and "reasonable" take into account the volume of records requested; the proximity of the location where the records are stored; and the necessity for any legal review of the records requested.

Section 2.4

Each request should be evaluated for an estimated length of time required to gather the records. Routine requests for records should be satisfied immediately if feasible to do so. Routine requests include, but are not limited to, meeting minutes (both in draft and final form), budgets, salary information, forms and applications, personnel rosters, etc. If fewer than 20 pages of copies are requested or if the records are readily available in an electronic format that can be emailed or downloaded easily, these should be made as quickly as the equipment allows. (If more copies are requested, an appointment should be made with the requester on when the copies or computer files can be picked up.)

All requests for public records must either be satisfied (see Section 2.4) or be acknowledged in writing by York Township within three business days following the office's receipt of the request. If a request is deemed significantly beyond "routine," such as seeking a voluminous number of copies or requiring extensive research, the acknowledgement must include the following:

Section 2.4a – An estimated number of business days it will take to satisfy the request.

Section 2.4b – An estimated cost if copies are requested.

Section 2.4c – Any items within the request that may be exempt from disclosure.

Section 2.5

Any denial of public records requested must include an explanation, including legal authority. If portions of a record are public and portions are exempt, the exempt portions are to be redacted and the rest released. If there are redactions, each redaction must be accompanied by a supporting explanation, including legal authority.

Section 3 Costs for Public Records

Those seeking public records will be charged only the actual cost of making copies.

Section 3.1

The charge for paper copies is as follows:

Black: 5 cents per page
Color: 15 cents per page

Section 3.2

The charge for downloaded computer files to a compact disc is \$1 per disc.

YORK TOWNSHIP TRUSTEES

Colene Conley
Regular Meeting

Richard Monroe

William Pavlick
January 24, 2012

Section 3.3

There is no charge for documents e-mailed.

Section 3.4

Requesters may ask that documents be mailed to them. They will be charged the actual cost of the postage and mailing supplies.

Section 4. E-mail

Documents in electronic mail format are records as defined by the Ohio Revised Code when their content relates to the business of the office. E-mail is to be treated in the same fashion as records in other formats and should follow the same retention schedules.

Section 4.1

Records in private e-mail accounts used to conduct public business are subject to disclosure, and all employees or representatives of this office are instructed to retain their e-mails that relate to public business (see Section 1 – Public Records) and to copy them to their business e-mail accounts and/or the office’s records custodian.

Section 4.2

The records custodian is to treat the e-mails from private accounts as records of the public office, filing them in the appropriate way, retaining them per established schedules and making them available for inspection and copying in accordance with the Public Records Act.

Section 5 Failure to Respond to a Public Records Request

York Township recognizes the legal and non-legal consequences of failure to properly respond to a public records request. In addition to the distrust in government that failure to comply may cause, York Township’s failure to comply with a request may result in a court ordering (the public office) to comply with the law and pay the requester attorney’s fees and damages.
