The trustees have discussed the matter pertaining to the time constraints Buckeye Schools has on the donated services to the parking lot and drive in the new proposed youth football area. It was decided the trustees would definitely like the school to take advantage of these services. The Trustees have agreed since the property is in the process of being joined and the property lines will be removed to fit the York Township Zoning Resolutions, they are in agreement that the school board should go forward with the grading of the parking lot and driveway. The asphalt grindings can then be added to be sure that the school gets full advantage of this donation.

Roll: Monroe, yes; Pavlick, yes.
