His evaluation of York Township roads affected by this construction was that the roads held up very well. Branch Road needs repaired between Columbia Road and Bachtell Road. Fred did notice some base failure just west of Columbia Road on Branch Road also. He noticed minor repairs needed on Spieth Road between Station Road and Erhart Road.

Fred talked about his integrity and his forty years as a Medina Co. Highway Engineer and why he would not ask Nexus to repair more than what is necessary. He also went on to explain the construction and paving of Township Roads.
