**Approval of Minutes**

**Moved** by Monroe, second by Zieja to approve the January 24, 2019 regular meeting minutes as presented.

Roll: Monroe, yes; Zieja, yes; Pavlick, yes.

**Visitors:**

Judy Rogers with the county auditor's office stated she will be at the monthly meetings to present pertinent information from the auditor. March is the Weights and Measures month. Staff goes out five days per week monitoring scales and gas pump devices around the county to make sure they are working properly. If anyone notices a device that does not appear to be working properly please call the auditor's office to report. In addition they check gas pumps for skimmers. Any questions or concerns should be directed to her office. The board of revision is accepting contested property tax arguments until March 31, 2019. Scholarships from the auditor's office are available to career center senior students. Applications must be in by March 22, 2019. The Medina County Petacular will be held again this year at Pinnacle Sports on SR 18 on May 4<sup>th</sup> at 10:00am.

Norm Hinman said a tree went down on Beck Rd. during the last storm. He informed the trustees there is a hole at Stone and Beck. He does not know if it is a culvert collapsing or if a surveyor pin popped up, he is just relaying the information to the trustees. The owner of the lot on Beck got electricity in there. He wants to build a house, but because it is a lot where the Nexus Pipeline crosses, they will have to grant approval. Trustee Pavlick said he would call Nexus to find out the regulation on how close a house can be built to the pipeline. Dorothy Crouch, Zoning Inspector, spoke with Vicky at the county after the last meeting and the county is now aware of the driveway. Dorothy went out to the property. She spoke with the homeowner who confirmed he would like to build a house there. Discussion ensued about how that process might proceed.

Dave Hull wondered if Trustee Pavlick had any update on the trash bid. Pavlick had been on vacation, The bid is at the prosecutor. Other townships have notices significant savings by going this route. The township saves by not having many trash haulers running all over town.

**YORK TOWNSHIP**  
**Regular Meeting - February 28, 2019**  
Trustees: Richard Monroe - William Pavlick - Todd Zieja  
Fiscal Officer: Margaret (Peggy) Russell

Gary Kalister on 5405 Daintree in the Forest Creek Pulte Development on Marks is initiating the process to look into getting street lights at the Intersection of Marks and Daintree. The entrance has a divided driveway that is pretty wide and there are already two telephone poles on location. Trustee Monroe and Trustee Pavlick said they would look into calling and meeting with Ohio Edison and the Engineering Department to discuss the situation and see how to proceed.

Faith Farley of Majestic Meadows Farm on Abbeyville Rd. wrote a letter requesting an Agricultural Exemption for her building and boutique. She raises alpacas, sells yarn and related products produced by her herd. Dorothy has discussed the situation with the prosecutors. Mr. Karris is leaning toward a yes, but Mr. Richtor is skeptical of the word "produce". The ORC requires new Agro-Tourism rules must go through the Township Trustees for approval. The boutique features yarn that is raised from the 75-80 alpaca animals on site and given to a coop that produces gloves, scarves, sweaters etc. These items are purchased for resale at the boutique. Education to local non-profits groups is offered on site. Trustee Monroe asked Dorothy for her recommendation. She replied that as long as the business remains agricultural, continues to provide education to the community (Girl Scouts, Medina Leadership etc.) and is self-supporting she finds them to be in compliance with the ORC.

**RESOLUTION #19-02-01 Trustee Zieja made the motion to rule the Majestic Meadows Alpaca Farm 4195 Abbeyville as agro-tourism. Second by Pavlick. Roll Zieja, yes; Pavlick, yes; Monroe, yes.**

**Reports:**

**Cemetery:** A lady came with a request to put in a mausoleum on two lots. The placement would be right to the edge of the lot and affect mowing, maintenance and neighboring lots. Right now the trustees are not in favor of allowing this because there is not a designated area for this type of structure. They realize the mausoleum is gaining in popularity so they will keep it in mind for future requests.

Bobby Gardener does not have a stone in yet. They are a priority in the spring. They placed a wooden cross on site. Can one of the Trustees make sure the workers do not throw the cross away?

**Zoning:** Dorothy Crouch reported John Kollar went to the Urban District meeting and brought in his paperwork. Copies were given to each Trustee and the Fiscal Officer

The Medina County Health Department called to ask if Trustee Pavlick will be at the annual meeting. They are requesting a head count to insure they have a quorum for the meeting. Pavlick will let the Health Department know he will be present.

Crouch passed out a list of 2018 permits.

**YORK TOWNSHIP**  
**Regular Meeting - February 28, 2019**  
Trustees: Richard Monroe - William Pavlick - Todd Zieja  
Fiscal Officer: Margaret (Peggy) Russell

The new owner of the church at Norwalk brought in plans for the building, however they lacked sufficient detail. Crouch took it to Mr. Karris who called it a non-conforming existing building. The new owner might try to convert the enclosed pavilion into temperature controlled inside storage facility. Chief Barrett stated there was no need for sprinklers for the site to be used as a temperature controlled self-storage. No objections to proceeding with this plan by the Trustees or the Fire Chief.

Wellington Implement is taking over the Medina Tractor location, doing the same kind of business. Owners will be at the March 7 Zoning meeting to discuss requirements to comply with our zoning regulations. This building has more signs that are allowed by code. They can change the name, but not add any additional signs. They are hoping to open next week, but do not have permit yet.

The Zoning Commission meeting on February 7, 2019 would like to approve a policy that states trees that are 12” in diameter and need to be removed will be replaced somewhere on the property with 2” trees to retain a rural feel. The trustees must have a public meeting so people can give input prior to adoption by the township. **Trustee Monroe made the motion to hold a public hearing to discuss the new tree policy on March 28, 2019, at 6:30 just before our regular monthly meeting. Zieja second.** Roll Monroe, yes; Zieja, yes; Pavlick, yes.

Erhart & Emerald Run – In the past, lots 18 & 19 were combined to become Sub lot 18A. The actual plat states only driveway permitted is off of Emerald Run. The property owner now wants a barn and is requesting a driveway with entrance on Erhart Rd. The answer is “no” from Dorothy (due to the plat) and the Medina Planning Commission. The homeowner is still trying to work this out.

Abbeyville Rd. – Residents have called to complain there was manure on the road from a local farmer. There is no formal policy on this as it is not a road hazard, if it is not massive amounts and not dangerous.

The Steingass Farm on Abbeville will be a new conservation development by Pulte. Plans are to build similar houses to Forest Creek. The Trustees were given a copy of the plat and the information from George Smerigan on his review. There will be thirty-six new homes and the original farm in the development.

Fenn Rd. has an area that is also going to be developed into houses. Currently they have an issue with Columbia gas line and fiber optic cables that run through the site.

**Fire Department:** Chief Ken Barrett submitted the monthly report. We had 39 runs last month, the majority were EMS. We gave mutual aid to LST twice. Chief recommends when the Lifeforce report comes we should hard bill LST.

Fire Department average response time is 12 minutes. Comparison to Strongsville, which houses full time staff and has run response time of 12 minutes. Recommended standard is 14 minutes. Kudos to our fire staff for making this happen. Chief records all time offered by officers and fire/EMS team. Average hourly salary calculated to be around \$5.00 per hour of service offered to township.

**Motion** by Monroe, second by Zieja to approve out of state travel to FDIC in Indianapolis, IN April 11-13 2019. Roll: Monroe, yes; Zieja, yes; Pavlick, yes

This month is the 12 year anniversary of Chief's hire date. During this time he has brought in over \$800,000 in grant money for the department. We have been able to purchase many new supplies, new pumper, two new squads and equipment like our Breathing Air System, and Fill Station along with many other small equipment and machinery purchases.

The check for \$4,483.50 for State EMS grand funds was received February 22, 2019. Already working on submission for 2019/20 EMS grant.

**Parks:** Allie Wingfield's paperwork was mailed out in February.

**Trustees:**

**Trustee Zieja** – Thanked the Township for sending him to Columbus for OTA convention. He came away with more knowledge from the great classes. He specially was interested in the last four years of crash data on township roads. Wolff and Abbeville had 7 crashes, Fenn and Abbeville had 4 crashes. Most crashes are not residents and therefore not familiar with the local traffic patterns and stop signs. Discussion of various problematic areas around the Abbeyville corridor.

**Trustee Monroe** – Thanked Township for sending him to the OTA. Good classes, good training. Nice to interact with people in the evenings.

Ice skating rink is up and running. It is not fully used; hoping word of mouth will increase traffic. Discussion about signage to allow skating on rink, but not on lake.

Road signs – the last of our \$20,000 in road signs we received from a grant are in. ODOT will help drive posts for placement. We will get a game plan with John and Chuck to get these in.

Speith Rd and Abbeyville Roads. Andy Conrad at the Engineers office approved two stop ahead signs for the county road. The County Highway Department called and wondered if we would like to join them and put two stop ahead signs on the township road. Now we will have four signs. The highway department will do a study of this intersection to see if more needs to be done.

The county dug up the water at Fenn and 18. Later there was more water, so they dug it up again. They spent three days and still could not find any leaks. They will reseed when the weather breaks.

**YORK TOWNSHIP**  
**Regular Meeting - February 28, 2019**  
Trustees: Richard Monroe - William Pavlick - Todd Zieja  
Fiscal Officer: Margaret (Peggy) Russell

Trustee Monroe thanked John and Chuck who helped take down some trees, one at the cemetery, one big one came down on Wolff at Samosky's.

Cemetery Monument Footers – People are upset and calling to complain. This will probably continue until the situation is resolved. Croston will do the work as soon as the weather breaks. Trustee Zieja wondered if they can have the headers premade and have them dropped off.

Trustee Monroe had a meeting with Dan Becker. There are two projects with grindings the Engineer is working on. We may be able to get the grindings from Grafton Rd. to use in the Historical Society. We are competing with Buckeye Youth Teams for these.

Federal Signal gave a quote of \$1700 to do the annual maintenance on the 4 sirens in the township. He kept the price the same as last maintenance three years ago. **Monroe made the motion to accept the quote for \$1,700.00 and have the work done by Federal Signal, Zieja seconded.** Roll Monroe, yes; Zieja, yes; Pavlick, yes.

**Trustee Pavlick** – The Health Department came out here and got a tour of our facility to see if we can avoid going through the EPA for sewer updates. Colin Johnson will do all he can, and pull the original permits. Trustee Zieja will send an email to Zorica at the EPA to let her know we are working with the Health Department on the situation.

Spring Clean up will be May 11, 2019 from 9-3pm. We will move this year's location to the Old York School Property. There is plenty of room at this site. In year's past we have been at the York Historical Society location, but due to the fact we leave a mess with the glass and screws, we will see if the new location might work out better for everyone.
