Vice-Chairman Rick Monroe called the meeting to order at 6:30 p.m. and led the pledge of allegiance. Trustee Monroe stated the meeting is being recorded for transcription purposes only.

Approval of Minutes

Approval of Minutes – **Moved by Trustee Pavlick, second by Trustee Monroe to approve the Regular Meeting December 30, 2019 and Organizational Meeting January 7, 2020.** Roll: Monroe, yes; Pavlick, yes.

Invited Guests –

Auditor's Office – Judy Rodgers, from the County Auditor's Office stated all the tax rates are in, calculated and will be sent out this week. Property Owner's can appeal property values if they feel it is too high. March 31, 2020 is the deadline Online at the website is the easiest place to record appeals. Other items of business can also be conducted here, Homestead, CAUV, Dog Tags. Go to the website and all the information is there.

Fire Department – Chief Ken Barrett delivered the monthly fire report. 2019 had the highest amount of runs in the history of the department. Several trainings held over the month including training on ventricular, training on meters, carbon dioxide, propane and hydrogen. Also worked on donning and doffing uniform and equipment.

Lt. Patrick Barrett submitted his resignation in order to transfer service credits to his Full time Fire job. In order to do this, he must separate from this job, which accumulates OPERS credit, for 60 days. After this time he will reapply for his position at the township. He apologized for any hardship this imposes on the township.

RESOLUTION #20-01-17- Accept the resignation of Patrick Barrett effective January 1, 2020 to allow transfer of service credits to other employment. Moved by Trustee Monroe, second by Trustee Pavlick. Roll: Monroe, yes; Pavlick, yes.

Town Hall, Zoning, Cemetery- Stone Rd. Lester Rd. Resident moving in with grandfather to help with farm, and wants to run his landscaping business from that property will be on the zoning agenda at the next zoning meeting. Trustee Monroe will attend, as he always does.

Steingass Estates – They want to pull out and separate the original farm property from the development. George Shmerigan called to discuss with Dorothy. Neither of them feel there is a

need for this, and wonder what has changed and why this is being proposed and what is coming down the road. Dorothy feel the subdivision should stay as it is.

Mailboxes – Two residents came in with mailbox damages from snowplow in the heavy wet snow we had in January. Pictures sent in, with receipt for new box. Another resident from Hastings road talked to the snow plow employee about redistributing the snow away from the mailboxes. When he tried to put the snow in a new place, the tree lawn suffered some damage. Snow plow company will repair damages.

Trash- Dorothy has been answering many phone calls. She brought a list of several who have problems that she cannot get resolved. Norm Hinman questioned where was the trustee letter they promised to send to the residents? He felt people were waiting for the information promised in that letter to act on the opt-out, but no letter ever materialized, and now those people were excluded from the opt-out as the list is full. Many residents claimed they did not get a letter from Rumpke. Since the letter looked like an advertisement many people may not have realized what the paper from Rumpke entailed.

The meeting opened up for public comment. People were there to discuss the trash situation. Those in the room feel they had been blindsided by this process. Beth Biggens-Ramer, the solid waste coordinator of Medina County reiterated the process beginning in 2017 to form a Solid Waste District that allows the trustees to put out to bid and accept the contract for a Single Hauler Trash Service. All meetings were advertised, the prosecutor wrote the contract as the legal representation for the township. The prosecutor's office recommended no authorized opt out, but the trustee's wanted to give an option to those not utilizing residential trash service. At that time, no entity had ever exceeded the allowable number for opt out most have not even hit 2%. By increasing York's number to 6%, the trustees felt that would insure a sufficient cushion for those wanting to opt out, and still be a reasonable guarantee for the bidders.

The biggest gripe that one resident pointed out was the lack of information from the township concerning the implementation of the change to a single hauler trash supplier. They felt they should have been notified in a timely manner so they could have had the opportunity to opt out. Many were not informed of the situation until the opt out list was full, and now they are forced to participate. Norm pointed out the sign out front was blank. Tonight's meeting was not even posted on that. The trustees have a long history of not communicating with the residents with the current options available to the township.

Beth stated that cease and desist letters have been sent out to all collectors. Service will stop March first, all contracts, including HOA contracts are null and void. Current haulers are not able to collect a fee for pick up of trash cans, nor are they allowed to impose fines or penalties for changing service.

Sarah Mathews from Rumpke reviewed the two programs available to residents. She is happy to be working with the township and feels the Trustees did due diligence in trying to write a bid specification that would address the needs of most residents.

1. The unlimited program will automatically be the default program for all residents. \$19.65 (increases are 2 ½ percent each year which is industry standard. Year 2 = 20.14, Year 3 = 20.64, Year 4 21.16 Year 5 = 21.69 per month includes a 95 gallon cart, a 65 gallon recycling cart, both with wheels and an attached lid. In addition to these, each household also gets 2 cubic yards to place anything they want: Furniture, yard waste, additional bags. Unless a resident calls Rumpke to change cart sizes or to change to the Bag service by January 31, 2020, this will be the service charged to every residence.
2. Bag Service – All residences on bag service will be charged a \$7 per month routing fee. For this service (only this service) bags must be purchased in rolls of 10 from Rumpke for \$2.54 (total \$25.40) The trash dumping fee is incorporated into this price, and is subject to a minimal increase each year. Additional items place out on bag service require notification to Rumpke prior to placement, and will incur an additional \$10 per item.

Medical forms are available for those unable to place trash at the roadside and must be signed by a physician. Changing/additional cans must be communicated through Rumpke. Cans are the property of Rumpke.

Each year a resident may request a vacation/snow bird suspension of the trash for 120 days. Requests are handled through Rumpke.

If a resident, with unlimited service, does not put out the containers and chooses to place bags in the 2 cubic yards also allotted to the monthly service will those bags be picked up. Sarah answered the question by saying it is optimal to use the carts, but the likelihood is the bags will be picked up.

Rumpke cannot require a household to recycle, but it is hoped most will take advantage of the increase in service available.

Beth stated the transfer station is for commercial haulers to deposit their loads. While they offer the ability for residents to tip there, it becomes increasingly difficult to continue to honor that. Republic brings in 1/3 of all the trash at the transfer station. Priority is given to the largest “consumers” of the trash. Beth cannot guarantee gate fees will remain as low as they are. At least with this contract, the fees will remain stable for the next five years. In addition, with a township that is continuing to grow, a single hauler offers accountability, for residents, continuity of service and pricing, reasonable garbage collection, and recycling.

A resident asked if the current opt out list will roll over or will new people be added? Beth answered that opt out is only for a 12 month period. Each January 1 the opt out will open up again and be a first come first added, closing January 31 or when the list is full.

A resident offered a creative alternative to the opt out situation, unfortunately we are in a contract/bid situation and there is no wiggle room for alternative payment structures. The contract has been signed and the township is moving forward according to the agreed upon structure.

A resident asked if choosing single hauler trash contract/bid process was part of the trustee's job. Beth answered that the Ohio Revised Code Section 505c and following sections outlined the description of trustee duties and this is a lawful purpose.

Dave Hull requested the actual bid numbers be posted on the website. His understanding the bid is for five years, ending in March of 2025. There are three one year add-ons available. Each additional year must be voted upon by the trustees.

Resident asked how the opt out worked? It is a first come first serve option. Signing up on the website gives a time stamp and was the most popular option.

Resident asked if she would have to build a platform for her trash and lose trash cans week after week. She has a narrow drive, and 4 foot ditches. Rumpke said to talk after the meeting to work with her to find the best location for the trash. The driveway situation is the reason they do not do the trash. Sara said, the driver's will place the trashcans back where they would like them.

Dave Hull said the medical form stated there could be an additional fee imposed for these services. Rumpke and the trustees said no, this will not happen.

Trustee Pavlick –

Grant for Camera's for Park – In correspondence with Steve Hambly, Trustee Pavlick has applied for a Capital Matching Grant to install cameras for security at the Gold Star Memorial Monument in the park. The Monument was vandalized in 2019. To prevent this type of activity in the future, the trustees have been looking into a camera system. If the grant is awarded to York Township, the township must provide \$5,000.00. The grant will match an additional \$5,000.00 for a total of \$10,000.00.

RESOLUTION #20-01-18 – Motion by Trustee Pavlick to install security camera service for Gold Star Memorial Monument contingent on receiving a capital grant. Project to be completed before the end of 2020. Second by Trustee Monroe. Roll: Monroe, yes; Pavlick, yes.

Road Striping – Still working with Dan Becker on numbers for a road striping bid. Hoping to accomplish that this summer. We try and stripe roads every three years, and are now on year four.

Beck Rd. – Resident who had a pole relocated on Beck Rd due to Nexus Project thought his accumulating water in his ditch was due to this repair. Further investigation after meeting with the Illuminating Company, who did the repair, showed the flooding was actually determined to be from the swale, which is the homeowner's responsibility.

Trustee Monroe – Tree trimming around the township is complete. Over the Top Tree Service did a good job. As funds allow, we will look at having the stumps ground down.

Paving quotes for Branch, Stone, and Wolff – Dan Becker from the county engineer's office convinced us to get quotes to repave these roads. Totaling over 2.3 million for hot mix paving of

a little over 10 miles of road, Branch was approximately \$588K, Stone - \$800K, and Wolff \$850K. We will attempt to locate grants from the county engineer to see if it is feasible to pave a road this year.

A resident asked when will they fix the water on water street? The trustees have looked at the situation many times over the years. It is a bowl down there, with no place for the water to go. When the state came in to look and discovered the septic runs down there, they did not want to have anything to do with the situation.

Capital Improvement Grant- Trustee Monroe had a quote to repave the cemetery from Dan Becker for \$68K. He was informed the grant would not cover this repair, however if the township wanted to put a dock on the pond, that would be considered.

Township Sign – The new digital sign has been ordered from Medina Sign. It will take about 3 – 4 months to deliver and complete the job. Funds for this were paid for in part from the Nexus Grant of \$10,000.00 given to the township for this purpose.

Asplundh – If you see these trucks in the township let Trustee Monroe know. Last year they asked to park in our lot while working in the township. In exchange they agreed to do some tree trimming, but they never did.

Carpet Runners- Met with Shiffler to get a quote on some good quality mats for the Fire Complex and the Town hall entry ways. \$3,300 to purchase high quality mats to absorb water and dirt. Will hold off for now.

Florescent Light Bulbs – Got a quote from Wolff Brothers to purchase 30 LED bulbs for the Fire Complex and Town Hall. Total cost \$250. **Motion** by Trustee Monroe, second by Trustee Pavlick to purchase 30 LED bulbs from Wolff Brothers INC. Roll: Monroe, yes; Pavlick, yes.
