YORK TOWNSHIP

Regular Meeting November 19, 2020

Trustees – Chairman Todd Zieja, William Pavlick, Richard Monroe,
Fiscal Officer Margaret (Peggy) Russell

On that date they made a motion to adopt the proposed Amendments to the York Township Zoning Resolution and passing it on to the York Township Trustees for your consideration.

The Zoning Commission would like to advise you that the above proposed Amendments to the York Township Zoning Resolution had been sent to the Medina County Dept. of Planning Services and the Medina County Prosecutors Office. **Moved** by Trustee Monroe, second by Trustee Pavlick to include on the agenda and to discuss the proposed amendments at the December 8, 2020 Special Meeting. They will take the information home to read in preparation for December's meeting. Roll: Monroe, yes; Pavlick, yes; Zieja, yes.

Fiscal Officer Russell will place a legal ad stating the information in the Gazette.

Shale Creek Cluster Home Owner's Association want to make amendments to the HOA. Their attorney sent over 4 amendments. The only objection is with amendment #4 which states the HOA would only like to inform the township on changes pertaining to the township. Zoning Inspector Crouch is not in favor of this request, as we have laid it all out and work hard to get the paperwork where we want to insure the HOA agreement is in accordance with township policy. She has sent the information to George Smerigan at Tactical Planning LLC and the Medina County Prosecutor. The township consultant, George Smerigan feels it is important for the township to be aware of changes being made to the document when it is reviewed. He stated the township has never refused a reasonable request, or taken an inappropriate amount of time to respond to an inquiry. As stated #4 puts determination of what is important in the hands of the HOA, not the township. For this reason he does not agree with #4 as stated. Dorothy has not heard anything back yet from prosecutor for confirmation/clarification.

Mickey Balentine - - Wolff Rd. transfer station put up new lights that are shining very brightly all night long into the windows of his home. Trustee Pavlick has a contact number and will call to see if they can put filters on the lights. He says other neighbors are impacted by these new lights. Trustee Pavlick said they have removed many of the trees that used to block the light. He will remind them of their promise earlier in the spring to invest in natural screens and landscaping to block the impact of the transfer station on neighboring residents.

Gunkleman Fire – residents are calling in reference to the smoke smells continuing to emanate from the fire. Chief Creamer stated the sunshine and the wind stir up the fire. The Gunkleman's will need to remove the hay. Chief will follow up on the situation.

Opt-out – Dorothy requested a formal plan from the trustees regarding the procedure for opting out. When will the mail ins be time stamped? What should be done with all the opt-out letters which are currently being mailed into the office? Trustee Pavlick stated the trustees needed to draft a letter stating the proper protocol, which is no letter will be accepted with a postmark earlier than January 1, 2021 and send the early opt-out submissions back to these residents. Trustee Zieja agreed he needs to draft a letter stating we have received your letter, but we cannot accept it now. Dorothy has red envelopes which will stand out and be noticed when said letters are returned. Trustee Zieja has received several emails inquiring about the procedure for opting out. Dorothy asked what specifically will happen with the mail in letters, with the proper postmark? At what

time will those letters be timestamped? Trustee Zieja stated to be fair, the mail in letters will not be stamped until after the walk ins. Because it makes sense, that trying to gage it correctly, is going to be wrong for someone. No matter what we do, you are going to have a problem. January 5, 2021 is first day available to residents to come to the township office in person to timestamp their opt out submission. If we take the letters postmarked after January 1, 2021, and sometime between the hours of 10am-2pm on January 5, 2021, when time permits, if there is a break in the line, then those letters will be stamped. Trustee Monroe asked if this information will go out on the postcard the trustees had approved to be mailed at an earlier meeting. Trustee Zieja stated we are not going to send a postcard now. We will piggyback with the educational letter Rumpke is sending out. He does not have a problem adding that to the information, and he will also make sure it gets posted to the website, and post it on the windows to the office. Trustee Zieja asked if that sounded reasonable. Trustee Pavlick stated it sounded good to him. Trustee Monroe stated make sure you get those letters written and posted where you indicated. Dorothy said Sarah Mathew with Rumpke suggested that we have the sheriff available at the complex when submissions are being accepted to keep an eye on this situation. Trustee Zieja said we could do that. Mike Izzo stated the prosecutor ruled we could not have a lottery because it was not stated in the contract. Izzo feels that we are changing the language on everything else: opt out dates, times, email submissions. If all those are legal, then why are we not allowed to make other changes, like having a lottery. Trustee Zieja said we cannot have a lottery because the prosecutor said so. Trustee Zieja stated we changed the date on the opt out due to COVID-19, to be safe for all involved, and to try and be fair to all participants who cannot be here in person. He stated we cannot count on the mail being delivered, he has had nothing but problems with the mail so to try to accommodate that, those people who may send their letter on January 2, 2021, but run the risk of not having their letter delivered until March also have the option for in person delivery on the listed dates. We limited the time to reduce COVID exposure. Izzo asked if we are trying to limit exposure, why is the electronic submission no longer available? Trustee Pavlick said because everyone complained about it. Izzo again asked if we can change that, then why not other items? What is changeable, what is not? Trustee Zieja stated electronic submissions were more of a problem so we went back to paper copies and the in person submission. Izzo does not accept the argument but he accepts the explanation. His second question "Now we have a time stamp machine, correct?" Yes, the township has purchase a time stamp machine expressly for the purpose of timestamping submissions. Izzo asked how were submissions timestamped last year? Zieja replied by email dated submission, which he placed on the spread sheet he created to document emails as they arrived. He is not doing it this way this year, because of accusations he could manipulate the information. This year, individuals will time stamp there own. Izzo stated based on trustee statements at earlier meetings, an individual can give their opt out to a representative to bring to the office for timestamp and submission and there is no limit to how many opt out applications one person may drop off. A.s stated, one individual can bring 100 opt out letters, be first in line, and time stamp them all. Trustee Zieja said "yes, you can." Izzo disagrees with this plan, people should have to present their own opt-out in person. Trustee Pavlick said there was not anything in the contract prohibiting this. Trustee Zieja said we needed to be considerate of the people who are not able to stand in line, or get out of their homes for a variety of reasons. Izzo has compassion on those people, and is willing to help those he can, but feels it is the trustees who are making it hard on people. Izzo asked if someone will be there to make sure that each submission is verified to be the person listed on the form? Dave Hull would like to hear

Trustees – Chairman Todd Zieja, William Pavlick, Richard Monroe,

what the prosecutor has to say on this. Trustee Zieja stated it makes no sense why it cannot be changed, because people have said it, but our legal council has said it cannot, so it will not. Andy Kavc stated anything can be changed if the people really want it, he knows some attorneys who said so. Maybe it is the trustees and Rumpke who do not want it; he and several others want a lottery. Trustee Zieja said he will ask the prosecutor again. Izzo asked how was the limit of opt outs determined this year? Trustee Zieja stated based on numbers of households certified to him by the county auditor. Izzo asked what were the numbers? Zieja did not have that information off the top of his head, but stated the increase in houses in the township did not statistically impact the 6% opt out number. The original number of households in the township was 1600. Approximately 147 people tried to opt out last year. Donna Surmitis asked again which would be first timestamped – the people in line, or the mail in opt outs. Pavlick said the people in line. Dave Hull asked where does the money that is being collected by the County Auditor for those names that have been certified to then for non-payment of the trash bill go? To Rumpke (after the township receives it through the advances, and sends it to them with the parcel number associated with payments.) Dave also wanted to know who was going to pay the postage on the information being sent out about the trash. Rumpke is responsible for educational material being sent out. We could ask for postage and we may or may not get it, as the opt out process may or may not be considered educational. When Trustee Zieja called Rumpke, Sarah stated she would include this information in their mailer they hope to be sending out at the end of this year. Izzo pointed out we were getting early submissions for opt out this year, and wondered how early submissions were handled last year. Trustee Zieja stated no one submitted earlier than January 1, 2020. Dave Hull said Trustee Zieja took submissions at the last meeting of the year 2019. Trustee Zieja said yes, but he held them until January 1, 2020 and he was not guaranteeing anyone got on the list. Izzo again asked that people who could not submit in person apply for permission to have someone else drop off their opt out. Pavlick agreed, but when questioned about what situations qualify, who would determine approval of situations, how would applications for permission to have an alternate representative be sent, and how would verification of alternate submission representatives be handled ahead of time. Trustee Pavlick and Zieja said there is no right answer, we are never going to be able to please everyone. Keith Hinman said this year's set up is unfair to the people who work and are unable to be in line during the stated drop off times. Trustee Zieja said yes it is. Working people will have to mail in their submission, or find someone to agree to drop it off for them. Izzo suggested a designated submitter can only time stamp one at a time, and then return to the end of the line to process another. Trustee Zieja said he was not trying to limit time stamping, we are just trying to make it so it was right for everybody. Norm Hinman asked if there was a list of non-conformers? Did the Trustees ever check to see that every person in the township who had a commercial dumpster and a residence was either on the opt out list, or was receiving a bill from Rumpke? He believes there are some residences with commercial pick up who are neither on the opt out list, nor have Rumpke service. According to the September Minutes, KC Kennels has a dumpster and a residence. She was told by the trustees she would need to have both a commercial account and a Rumpke account. Trustee Zieja agreed that is correct. Hinman wanted to know if all residences with a commercial dumpster and a residence were in compliance. Trustee Zieja told him to call Rumpke. Norm stated he felt that Trustee Zieja should enforce that one. Norm had a list of three or four that were not in compliance. Trustee Zieja told Norm to give him the list and he will call and verify whether or not they are paying for both if not included on the opt out list.

Amy Missler stated the letter the trustees recently sent out was still not received by all residents. She had neighbors two doors down who did not received a letter. Dorothy stated we have not received any return letters back. She also wondered if people moving into the township after this year would be informed of the opt out situation for the upcoming year. Trustee Zieja laid the blame for that on the Cleveland Post Office, since all our mail goes through there. He personally has lost 10 checks he sent out for payments this year and he does not know what the answer is to this dilemma.

Trustees

Trustee Pavlick - Security cameras are up and running in the complex and park. Trustee Monroe has arranged for an electrician to come out, hopefully next week to finish the wiring for the Gold Star Memorial. I2C will come out for training on the system once all work is complete.

Virtual Meeting for Medina County Engineers about the storm water for urban areas. They want catch basins updated. There will be another meeting scheduled in February.

Allie Wingfield – Has worked for the township for about 4 years in the capacity of Park Cleaning. Since the levy passed, and she has done an excellent job for the township he would like to give her a raise to keep her happily employed. She is a real asset to us.

RESOLUTION #20-11-02 Trustee Pavlick made the motion to raise her per item wage for cleaning the restrooms from \$25 per hour to \$30 per hour, and her regular wage for park pavilion clean up, trash, and replenish supplies from \$12 per hour to \$14 per hour. Second by Trustee Monroe. Roll: Monroe, yes; Pavlick, yes; Zieja, yes.

Trustee Monroe – Thanked everyone for the park levy that did pass. We need to spend some of that money. There is a bad catch basin. The top is in bad shape. We will probably not dig the whole thing up since the pipe is going in all directions. The plan is to dig out 12-18” cut out the pipe and cement a whole new top on there. This is the quick is easy way.

Planted over 30 trees in the park. 3 of them got run over by a runaway trailer. It was loaded, and she lost it and it took out the trees, slid across the park lot, and landed in the grass behind the restrooms. The company will pay for the trees and the sign that were taken out.

Paving quotes from the county for roads and parking lot. Stone Rd is in pretty good shape, but could use chip seal from 18 to Columbia. \$32,000 for chip seal only, no repair. Stiegler and Gayer are being chip sealed by Liverpool township. Since they lead into our roads he got quotes to chip seal our portion. Stiegler \$20,000; Gayer \$12,000. Paving the parking lot of the Historical Society estimate is \$21,000; the Community Park Lot is \$25,000. Something to think about.

CARES Act Money is a little over \$195,000. The Fire Department is getting the majority of the money for payroll, technology for remote learning, Ipads for the ambulances, sterilization equipment, specialty thermometers. We were also approved for heating and cooling for the fire

Moved by Trustee Monroe, second by Trustee Pavlick to approve the Resolution provided by the Bricker Law firm detailing the approved purchases with justification from the CARES ACT. In response to a request to find out why the county was marking Beck Rd by the bridge, the highway engineer stated they were just inspecting bridges – normal maintenance. Norm also wanted to know what was going on at the RR Tracks on Stone – Consumer Gas is laying gas pipeline down the road.

November 11 was Veteran's Day – Thank you veterans (Norm and Terry, and anyone else we are missing) for your service.

Trustee Zieja – already discussed the trash, nothing further to add.

Motion to approve KJC \$5,000.00 for new trees and 3 replacement trees for park. Moved by Trustee Monroe, second by Trustee Pavlick Roll: Monroe, yes; Pavlick, yes; Zieja, yes.

Motion to approve Melway \$4,420.80 for striping Wolff Paving. This payment is still under the bid. Kudos to Fred Boreman for saving the township money. His consulting services pay for themselves. **Moved** by Trustee Pavlick, second by Trustee Monroe. Roll: Monroe, yes; Pavlick, yes; Zieja, yes.

Motion to Approve PO's BC's – Moved by Trustee Monroe, second by Trustee Pavlick to approve Purchase Orders and Blanket Certificates as presented. . Roll: Monroe, yes; Pavlick, yes; Zieja, yes.

Bike Medina County- Talked with Trustee Monroe about adding bike signs to the township since they do make a difference in traffic patterns with bikes. After he looked over the map, he stated we could add signs, if available, to the following roads: Stiegler, Abbeyville, Beck, Station, Erhart, Speith, Branch and place additional in areas that have requested them. Sent an email to Beth Schnabel requesting up to 16 additional signs. Beth responded immediately. She is thrilled we can use the signs and will give us all we requested. In a follow up email, she did comment that the County Engineer feels County Roads are too busy and does not approve of signs for these roads. She will mark a map with the suggested placements.

BWC sent another check for \$24,333.68. This dividend is intended to ease the financial pressures our organization may be experiencing amid the coronavirus pandemic. It is ours to spend as we wish, but BWC shares Gov. DeWine's hope we use this money to invest in the health and safety of our people in this difficult time. The dividend equals approximately 100% of our premium for the 2019 policy year and reflects the promise to keep workers' compensation costs as fair and low as possible. Because BWC is providing two dividends this year they are not anticipating a dividend in 2021 Considerations of dividends (if any) in 2022 or any year thereafter will be made in the future. **Moved** by Trustee Monroe, second by Trustee Pavlick to accept the BWC check for \$24,333.68. Roll: Monroe, yes; Pavlick, yes; Zieja, yes.

SPCA – did the trustees want to give any money to help defray costs. No, they did not.

Public Comment

Andy Kave Wanted to know where the \$129K in the COVID fund is going to be spent. He wanted to know if it was going to be posted on the website. Yes. We just passed a resolution listing the approved purchases. It will be attached to the minutes. We just discussed this. Andy also wanted to know who all the names were on the payment listing that he is not aware of – most are FD payroll.

Mike Izzo – wanted to know about the social distancing with the truck. Why doesn't it have a crew cab? It is the ability to have a second truck to allow the social distancing. We got a plow to

plow the park, cemetery, touch up intersections, cul de sacs etc. which will be done by Jesse Yount, our maintenance person. The FD can also have use of the truck to assist if any driveways need attention during a run.

Dave Hull – told Andy to look at Open Checkbook at the Ohio Auditor to see every check the township writes.

Steingas Estates had the grand opening of the new development and have already sold 10 houses out the 36 planned. Base for the houses start at \$300K.

Donna Surmitis – wanted to know if any of the CARES Act money will be spent on microphones. Yes.

Terry Gespacher – Chip Seal on Stone, when is that scheduled to happen. It may not, we are just looking at bids and discussing. Did anyone ever find the stop ahead sign for the intersection of Columbia and Stone? He dropped it at the township office a while ago. Trustees will look in the cemetery garage for it.

Why is Trustee Zieja address and phone not listed on the township website. He is a police officer and does not feel comfortable with putting that information out there.

Keith Hinman – how long until the guard rail is fixed. Trustee Monroe stated the contract has been awarded, we are waiting for the work to be done.

Snow plow contract – can we ask whoever is awarded the contract to slow down in heavy wet slushy condition so they do not take out mailboxes. We can try.

Norm Hinman – wanted to know about the plan to put some paths in park land. We would need a grant to accomplish this.

Motion to Adjourn by Monroe, second by Pavlick. Roll: Monroe, yes; Pavlick, yes; Zieja, yes.

Be It Resolved *by the Township Trustees of York township*

WHEREAS, this date, November 19, 2020, Trustee Monroe moved the adoption of the following Resolution:

WHEREAS, on March 9, 2020, Ohio Governor Mike DeWine issued an Executive Order declaring a State of Emergency relating to the COVID-19 outbreak in the state of Ohio; and

WHEREAS, on March 11, 2020, the head of the World Health Organization declared COVID-19 a global pandemic; and

WHEREAS, on March 13, 2020, the President of the United States, Donald Trump, declared a National Emergency concerning the COVID-19 outbreak, stemming from the SARS-CoV-2 virus; and

WHEREAS, on May 6, 2020, the Ohio State Senate Passed Am. S.B. No. 310 establishing a formula for the distribution of funds ("Funding") under the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") enacted by the federal government; and

WHEREAS, Am. S.B. No. 310 was subsumed into the passage of Am. Sub. H.B. No. 481 by the Ohio General Assembly, effective June 19, 2020; and

WHEREAS, consistent with Section 27(D) of Am. Sub. H.B. No. 481, the Board passed a resolution supporting the receipt of the Township's share of Funding under the CARES Act, and the Township has since received such Funding and deposited same in the Township's Local Coronavirus Relief Fund pursuant to Section 27(E).

NOW THEREFORE, it is hereby RESOLVED by the Trustees that:

1. Pursuant to Section 27(D) of Am. Sub. H.B. 481, the Board may spend the Funding only to cover costs of the subdivision consistent with the requirements of section 5001 of the CARES Act as described in 42 U.S.C. 601(d) and subsequent regulations and treasury publications.

2. As assistance to local governmental agencies that have received distributions under Am. Sub. H.B. 481, the United States Treasury Department has published a pamphlet entitled Guidance State, Territorial, Local, and Tribal Governments as Amended, September 2, 2020 (“Guidance”), a copy of which is attached hereto. The Guidance publication provides succinct descriptions of permissible uses for the Funding. The Guidance has been adopted and accepted by the Ohio Office of Budget and Management (“OOBM”) and the Ohio Auditor of State (“Auditor”) as authoritative sources for Funding expenditures.

3. In part, the Guidance has listed the following as a permissible use of the CARES Act Funding:

“A State, Local, or Tribal government may presume that public health and public safety employees meet the substantially dedicated test unless the chief executive (or equivalent) of the relevant government determines that specific circumstances indicate otherwise...public safety employees would include police officers,...firefighters, emergency medical responders,...and those who directly support such employees such as dispatchers and supervisory personnel.” (Page 6, U. S. Treasury Guidelines ,September 2, 2020).

4. In accordance with Section 27(D) of Am. Sub. H.B. 481, section 5001 of the CARES Act as described in 42 U.S.C. 601(d), federal regulations and the Guidance, the Board hereby approves the following expenditures from the Local Coronavirus Relief Fund:

1. Fire Department Payroll up to \$115,000.

2. Karcher PS 4/7 Hospital Grade disinfectant mister with 19 gallons Vital Oxide
\$2,974
3. Four iPads with iPort Charging Case \$3,329.96
4. Masimo Rad 57 Handheld Oximeter \$3,329.00
5. Virtual Meeting System including Webcam, monitor and projector \$3,306.25
6. Welch Allyn Sure Temp Plus Electronic Thermometer \$515.91
7. Heating and Cooling installed with iWave Tech \$22,950
8. Picnic Tables for Park \$4,906.76

10. Sierra 250 HD Pickup Truck \$34,649.99
11. Hand Sanitizer wall mounts and refills \$484
12. Laptop Computers, Monitors, Printers, \$4,212.00

5. The Board finds that the expenditures authorized by this Resolution were not previously budgeted by the Board in that these expenditures were redirected to allow fire department personnel to mitigate and respond to the COVID-19 pandemic; as a result, the Board finds the expenditures are directly related to COVID-19 conditions and response. Further, the Board finds that the expenditures authorized herein is for payment or reimbursement of an expense incurred between March 1, 2020 and December 30, 2020.

Trustee Pavlick seconded the Motion, and thereupon, the votes in favor of this Resolution were recorded and reflected by the signatures hereto.

BE IT FURTHER RESOLVED: that it is hereby found and determined that all formal actions of this Board of Township Trustees concerning and relating to the adoption of this Resolution were adopted in an open meeting of this Board, and that all deliberations of this Board and any of its committees that resulted in such formal action, were in a meeting open to the public, in compliance with all legal requirements, including Section 121.22 of the Ohio Revised Code.
