standard allowance for ARPA Funds. Trustee Monroe, yes, Trustee Conley, yes, Trustee Pavlik, yes.

RESOLUTION #22-03-11 Authorizing Increase in Micro Purchase Threshold and Adopt Uniform Guidance in Procurement Policy (attached.) Motion by Trustee Monroe, second by Trustee Conley. Trustee Monroe, yes, Trustee Conley, yes, Trustee Pavlik, yes.

Fiscal Officer Russell went over the most recent Appropriations report to show the trustees where the money might be made available for future projects and to decide what to fund with the ARPA money. The salt barn would be an appropriate use of ARPA Funds, but it is a project that might need to be advertised for bid to adhere to the federal guidelines. Currently Trustee Monroe solicited two bids, and one is significantly less and includes a concrete floor 8” deep. Because of labor shortages and increased workloads, if we do not approve this project immediately, we may be significantly delayed in building and not have the unit ready by next winter. We need to order salt in June, and we do not know when the first delivery will be scheduled. The concrete wall laborer is booking 16 weeks out when scheduling this project, and the faster we get on the schedule, the sooner our project will be completed. Where will the salt barn go? The trustees will discuss open space options like the open space on Columbia or the Old School House location. Rog asked if the planning committee advice would be considered? The old School House location is more conducive to storing the loader and not having to drive down to the open space. It would also be easier to install a driveway at the old school house. Having a large space for all township buildings and equipment is preferable to spreading the complex out over multiple locations. We will need a power supply for the loader to charge it. Maybe a pole box like the one at the roundabout. The decision was made to use General Fund money acquired from a worker’s comp refund in 2020. At that time the board agreed using the money for roads would be the best decision. The ARPA Funds will be used for the loader, repairs on Branch and Stone since those projects will adhere to federal procurement guidelines. The remaining money will be available for paving projects next year, or other approved suggestions.

Motion by Trustee Monroe, second by Trustee Conley to approve 83 Construction to authorize construction of Salt Hoop Building with 8” concrete floor with 40’ pad for \$68,427.00 paid out of the General Fund. Trustee Monroe, yes, Trustee Conley, yes, Trustee Pavlik, yes.

Fire Levy – Discussion about contacting community to educated about upcoming fire levy renewal and increase. The increase allows the fire department to continue to staff during daytime hours and maintain improved response times.

Motion to adjourn, Trustee Monroe, yes, Trustee Conley, yes, Trustee Pavlik, yes.

Meeting adjourned at 7:25 p.m.

RESOLUTION NO. #22-03-10
Authorizing Expenditure from American Rescue Plan Act Funds

Medina County, Ohio

Be It Resolved by the Township Trustees of York Township

WHEREAS, this date, March 31, 2022, Trustee Conley
moved the adoption of the following Resolution:

WHEREAS, the Township has received a distribution of monies (the “ARPA Funds”) from the American Rescue Plan Act of 2021 (“ARPA” or the “Act”); and

WHEREAS, Congress passed the Act effective March 11, 2021; and

WHEREAS, Section 603 created the Coronavirus Local Fiscal Recovery Fund which, among other things, appropriated money to cities, nonentitlement units of local government, and counties to mitigate the fiscal effects stemming from the public health emergency with respect to the Coronavirus Disease (Covid-19); and

WHEREAS, Section 603(c) generally provides that:

(1) USE OF FUNDS. Subject to paragraph (2), and except as provided in paragraphs (3) and (4), a metropolitan city, nonentitlement unit of local government, or county shall only use the funds provided under a payment made under this section to cover costs incurred by the metropolitan city, nonentitlement unit of local government, or county, by December 31, 2024 -

(A) to respond to the public health emergency with respect to the Coronavirus Disease 2019 (COVID–19) or its negative economic impacts, including assistance to households, small businesses, and nonprofits, or aid to impacted industries such as tourism, travel, and hospitality;

(B) to respond to workers performing essential work during the COVID–19 public health emergency by providing premium pay to eligible workers of the metropolitan city, nonentitlement unit of local government, or county that are performing such essential work, or by providing grants to eligible employers that have eligible workers who perform essential work;

(C) for the provision of government services to the extent of the reduction in revenue of such metropolitan city, nonentitlement unit of local government, or county due to the COVID–19 public health emergency relative to revenues collected in the most recent full fiscal year of the metropolitan city, nonentitlement unit of local government, or county prior to the emergency; or

(D) to make necessary investments in water, sewer, or broadband infrastructure.

WHEREAS, Department of Treasury Final Rule, published on January 6, 2022, and effective April 1, 2022, provides in part that:

Treasury presumes that up to \$10 million in revenue has been lost due to the public health emergency and recipients are permitted to use that amount (not to exceed the award amount) to fund “government services.” [The “standard allowance”].

WHEREAS, the Rule further observes that:

The standard allowance provides an estimate of revenue loss that is based on an extensive analysis of average revenue loss across states and localities, and offers a simple, convenient way to determine revenue loss particularly for Coronavirus State and Local Fiscal Recovery Fund’s smallest recipients. This change is intended to promote administrative efficiency and simplify revenue loss calculation for smaller recipients.

WHEREAS, the Rule further clarifies that recipients can use:

SLFRF funds on government services up to the revenue loss amount, whether that be the standard allowance amount or the amount calculated using the [Final Rule four-step process]. Government services generally include any service traditionally provided by a government, unless treasury has stated otherwise.

WHEREAS, some common examples of “government services” expressly recognized by Treasury are as follows:

- Road building and maintenance, and other infrastructure
- Health services
- General government administration, staff, and administrative facilities
- Environmental remediation
- Provision of police, fire, and other public safety services (including purchase of fire trucks and police vehicles)
- Maintenance or pay-go funded building infrastructure
- Modernization of cybersecurity, including hardware, software, and protection of critical infrastructure

WHEREAS, “Government services is [deemed by Treasury] the most flexible eligible use category under the SLFRF program, and funds are subject to streamlined reporting and compliance requirements;” and

WHEREAS, funds utilized pursuant to the standard revenue loss allowance continue to have certain restrictions, including:

- Deposit into pension funds
- Satisfaction of settlements or judgments
- Contributions to financial reserves or “rainy day” funds

WHEREAS, the Board of Trustees has identified a project which, in the judgment of the Board, qualifies as a permitted use of the ARPA Funds, in direct support of governmental services, which consists of the following:

- Purchase of materials for a salt storage hoop facility
- Road Repairs (PROVIDE DETAILS)
- Loader (PROVIDE DETAILS)

NOW THEREFORE, it is hereby RESOLVED by the Board that:

1. The Township elects to use the standard allowance and its presumption of revenue loss due to the public health emergency and to use the amount authorized herein to fund government services

2. The Project is hereby authorized and shall be paid for from the ARPA Funds in the amount of/an amount not to exceed: \$376,580.06 *Three Hundred Seventy Six Thousand Five Hundred Eighty 06/xx*

3. The Project described herein serves the objectives of the Act by providing services traditionally provided by a government, namely:

- Road repair, maintenance and other transportation and safety services
- Public infrastructure support

4. Accordingly, the Project is in the best interests of the Township and is deemed a priority for the community.

5. No obligations paid under the authority of this Resolution were incurred prior to March 3, 2021.

Trustee Monroe seconded the Motion, and thereupon, the votes in favor of this Resolution were recorded and reflected by the signatures hereto.

BE IT FURTHER RESOLVED: that it is hereby found and determined that all formal actions of this Township concerning and relating to the adoption of this Resolution were adopted in an open meeting of the Township Trustees, and that all deliberations of the Township Trustees and any of its committees that resulted in such formal action, were in a meeting open to the public, in compliance with all legal requirements, including Section 121.22 of the Ohio Revised Code.

Adopted the 31 day of March, 2022.
