Melanie Miller – Candidate for the Ohio House of Representatives, is hoping for the honor and privilege of representing us. She is looking forward to understanding more about the concerns and goals of York Township so she can be helpful in the various projects and needs of the community.

Fire Department - Assistant Chief Ed Szoke delivered the Fire Department Report

Operations/Alarm Report (Incident Count Attached)

- 34 Incidents since last Trustees Meeting.
- One structure fire in the township that we went to twice and one mutual aid to Medina City.
- We received mutual aid 2 times and gave mutual aid 6 times.

Administration

- The department would like to thank all the residents for supporting our levies and a special thanks to Angela Spencer who did a lot for us with placing signs and going door to door.
- Request approval to use Ohio Business Machines for new printer, copier, fax machine all in one and streamline this expense for the department. The cost is \$84 a month that includes the machine as well as service plan including toner. – **Moved by Trustee Monroe, second by Trustee Conley to approve the \$84 month copy machine, toner and service plan with Ohio Business Machines.** Roll: Monroe, yes; Pavlick, yes; Conley, yes.
- Ohio EMA has opened 70 million dollars of ARPA money as a Public Safety Recruitment, Retention, and Resiliency grant. We will be applying for at least some recruitment funds.

Fleet/ Station/ Maintenance

- Rear steps on 52-1 received some minor damage (it is unnoticeable unless you know) in a backing incident during the Columbia Rd fire. The unit and the steps remain in service. Our standard procedure includes using a backer but due to this truck being used on a tanker water shuttle and out to refill only, only one person was assigned to the unit.

Trustees – Chairman William Pavlick, Richard Monroe, Colene Conley
Fiscal Officer Margaret (Peggy) Russell

- Hydrant flushing is underway for the year and is about ¼ of the way complete. A reminder to residents we flush hydrants at low pressure and quantity. It will not normally cause sediment disruption in area homes.

Training (Training Chart Attached)

- In the past month the department has completed a total of 136 hours of training.
- This week we are training at a house on Station Rd that is being demolished for a new home to be built. Thank you to the owner Scott Wilson for this opportunity.
- Assistant Chief Szoke is proud of the team we are building, and all the learning and growth he has seen since the beginning of the year.

Community Relations

- This Friday, Saturday, and Sunday 11am to 7pm the food concession stands will be at the Old York Elementary parking lot as a Firefighter's Association Fundraiser.
- June 18th at 10:00am there will be a Fallen Firefighter Memorial Service hosted by the County Fire Chief's Association at Brunswick Fire Station 1 on Center Road. Our department will participate, and this event is also open to the public. This will be a new annual event in the county that a different department will host each year.
- June 8th the Department will be at Buckeye Safety Town for the day teaching future Kindergarten students fire and life safety.

Zoning – Stephan Ibos, Zoning Inspector

General Items:

- Received a call on 4/25/2022 for a house being torn down and a new house being built (H&H homes) asked for information be emailed to the office. (2820 Station Rd) - worked with H&H and Jason to coordinate training activities.
- New salt building needs to go through zoning for approval. This will require a site review to follow current processes for Mallet Creek District.
- Talked with Ted Wolff on construction of new warehouse - They are still working towards putting final drawings together - break ground late summer completion in 2023
- We turned on Voicemail with Armstrong, this was at no additional cost on our current plan. We now can get email notification of messages, which we can now store in the YorkTWP email folder.
- Kristy added a Spring-Cleaning page on the website with information and resources for resources to help residents with options for getting rid of bulk items and different types of garbage.

Zoning Commission

- Public advertisement has gone out for the June 2nd meeting that there will be a motion to change 9 Sections in the York Township Resolution. This is being done to clear up an issue that was found in 2021 when we went to record these changes with the County Recorder.

YORK TOWNSHIP

May 26, 2022

Trustees – Chairman William Pavlick, Richard Monroe, Colene Conley
Fiscal Officer Margaret (Peggy) Russell

- Sent out information to Zoning Commission for no permit required for 200 sq ft bldg. from how other townships are treating this (so far only 2 other township Guilford 144 and Litchfield 200 have a no permit required clause).

BZA

- I had a request this week for process for combining three nonconforming lots into two lots, which would still be non-confirming. I communicated to them that this would need to go in front of the BZA for approval before we could sign off on the lot split/combinations.
- 7740 Norwalk Road will be building two bridges versus the one bridge that was preferred but not recommended by Storm Water Management.

Permit, Violation and 811 updates

- Permits - 8 Permits through end of April, so far 8 permits in May. Total of 45 permits have been issued for the year.
- Violations - 74 (10 added in May) Violations added to the tracker this year/25 letters issued/10 violations closed another ~6 being monitored/64 violations still being worked/17 active
- 811 Notices - 51 notices received in just under 2 weeks.
 - I'm getting notices for anything that falls along TWP borders, so numbers are a little lower for just York Twp.
 - I have three permitting notices but all in neighboring towns
 - Most of the Notices are Gas/Cable/Landscaping - what would the Trustees like to see? Trustees are ok with updates and items Steve considers important.

Approvals:

- Review Digital Document Retention – Received a proposal for scanning and formatting township zoning paper records as Iso Standard PDF files consistent with township's Digital Preservation Plan. The cost for Township Street Folders (\$35K), Subdivisions (\$3.6K) Variances, Home Occupation, Conditional Rear Lots, and Split Lots(\$3K). We will look at additional quotes, the feasibility of doing this in house, or spreading the project originally projected to take 8-10 months over several years.
- Review new copier quotes since the old copier was purchased in 2011 and manufactured parts for this machine were discontinued in 2019. If anything happens to the machine we are at a disadvantage since we will not be able to fix it. We received three quotes. Two from OBM and one from Compucharts. The quotes are roughly equivalent for new machines. Steve's recommendation is to use the OBM Quote 2 utilizing refurbished equipment which offer the lowest cost for equipment and has a repair service included for \$110.60 per month. **Moved by Trustee Monroe, second by Trustee Conley to approve**

- Can we have some York Township T Shirts created so I have some type of identifying shirt showing I'm a Township Employee when I visit houses? I can purchase these myself if the Trustees are ok with me wearing them? Trustees agree it is a good idea and prefer collared shirt with embroidery. Steve will get pricing information.
- Removal of campers from 6671 West Smith Road. This started back in January of 2011. I have sent out two letters this year and it was escalated up to the Prosecutors office.

2022. Residents are concerned with several issues – 1. Safety issues of the new construction 2. Environmental safety 3. Noise pollution from plant including: pump intake, flushing, gas off routine maintenance and ongoing construction noise 6-7 days per week 4. Lighting invasive to homes. Russ Johnson has not been effective with communications with neighbors and declined to be at the meeting tonight. Karen Frank, TC manager was contacted and knew nothing about these issues. She is concerned and expressed a desire to be a good neighbor. Trustee Pavlick will contact her and notify the residents when a meeting can be scheduled to discuss their concerns and possible solutions including property improvements, trees, sound barrier, lighting upgrades, and general upkeep of the facility. Columbia Gas was a more thoughtful neighbor than TC energy. Richard Hill stated the plan of the facility now falls under Homeland Security, and does not have to disclose information to the residents.

Will we consider giving them our drawings. We have done this in the past for other entities who liked our pavilion, at no charge. We will continue to do this to promote cooperation among local communities. Trustees all agree.
- **Parks** – Nate Eppink responded the board is in process of entering a 25-year lease agreement with township for the care of the Lawson land and proposal for improvements and maintenance. They will keep us posted as the agreement proceeds.
- **Asplundh** -Tree Service is trimming power lines. Last time the company agreed to trim some township trees in exchange for parking at the Old School lot.
